The Family Stories that Bind Us

As we prepare for the Synod of the Family that Pope Francis has called for later in the year, we are posting some videos prepared by Strathmore University. They reflect the day to day experiences of several employees with their families. They speak about their effort to raise children and to keep the marriage relationship going through the ups and downs of life. They are not special cases but they may be useful reminders for some of us of what it takes to raise a family.
