Book: "The Women of Opus Dei", by Marie Oates

The story of some Wives, Mothers and Daughters Who Live the Charism. Zenit.org tracked down Marie Oates in Opus Dei headquarters in New York. Her desire to show how women live the Opus Dei charism resulted in her book "Women of Opus Dei: In Their Own Words."

21/10/2009

Coedited with Linda Ruf and Jenny Driver (Crossroad Publishing, 2009), the book's profiles range from a Harvard doctor, to stay-at-home moms, to an MIT graduate; it aims to introduce "the women in Catholicism's most intriguing organization."

ZENIT: Finally someone is talking about women in the Opus Dei. Women make up half -- some believe more than half -- of the total number of members of Opus Dei in the United States and worldwide, but most people do not know you. Why this lack of protagonism?
