Apartment

We were in danger of losing the deposit we had put down for my son's apartment.

08/23/2017

I sold my apartment to buy two, one for me and another for my son and his family. The buyer gave me the first part of the payment, to buy my apartment, but when the time came for his second instalment he delayed payment, so that we were in danger of losing the deposit we had put down for my son's apartment. We felt desperate, so that night I decided

to say a whole novena to St. Josemaria, praying it every hour for nine hours. By God's grace everything was sorted out that same day. Thank you, St. Josemaria, for your intercession!
